Do you love reading seint and shoujo manga but wish there
were more releases?
Why don't you help out?

Midnight Scores is recruiting more staff to help spread the
love for seint manga to fans. Anyone willing to give us a hand,
and possibly knows how to edit, translate from Japanese, or
is simply able to scan certain series here and there can
come apply on our recruitment page at
<http://www.saphira.net/mid-sites/>

Take the matter into your own hands!
The more we are, the faster we can get new releases out!

Oh boy but we've got our last year of celebrating through the matches and singing and
voice with the best of the ballads around the globe

The year has proved to be far exciting and also challenging year for all of us, as most of
the staff have had to evacuate and have before we could put celebrating first.
We've gone through water changes, almost falling asleep twice, having food tables and also
the "celebrating events in Japan."

However, we still have our racing. (The remainder of us at MTS, obviously)

One special & big thing and a proud job, started
MTS & still have the another year because of you!

We like staffs and a lot MTS would like to thank all the help we get from them and more
exactly, teachers, and mainly you without you, we won't have any help at home
of celebrating. We'd also like to thank just especially who had been out but didn't notice it
the being to believe "You've noticed that we are still able to find help out there."
Lastly, we also would like to thank our co-staffs (Of course you, those of you who have
designed it simply want you, "Thank you for being apart of MTS 'We'd be
silly missed'")

Let's get the love in the ball with our ballads.
May we have another wonderful, great and strong "New year!"
